

The Logos Institute Systematic Theology Curriculum Chart

The Systematic Theology Certification is an 18-month program. To earn this certificate, students must attend and fulfill the course requirements for a total of 8 classes. They must complete the 6 classes in the Theology track and 2 additional classes from any other track.

There are no prerequisites, and the 8 classes can be taken in any order. If students are unable to complete all 8 classes within 18 months, they may continue to take courses in subsequent years until all 8 are completed.

CERTIFICATE COMPLETION CHECKLIST

Check off each completed class.

Student Information

Example:
